

SCALA A CASTELLO IN ALLUMINIO CASTIGLIA

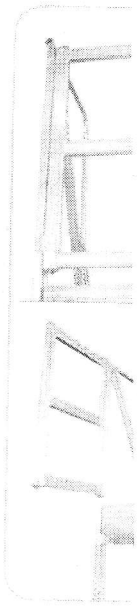

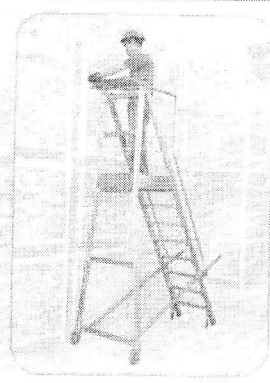

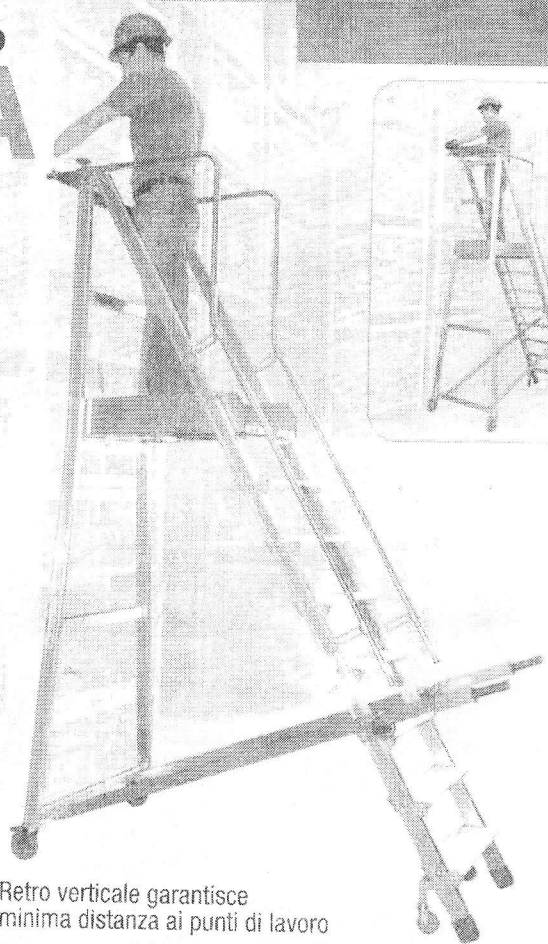

...La Sicurezza per tradizione

CASTIGLIA è scala a castello in alluminio su ruote. Solida ed elegante, pieghevole per il trasporto e lo stoccaggio. La parte anteriore inclinata di 60° assicura comoda salita in posizione eretta. Il retro verticale permette di avvicinarsi al punto di lavoro.

Struttura tubolare 30x65 mm nervato e rigido, grande pedana di calpestio tutta alluminio 48x77 cm con protezione ai piedi.

Sicurezza: gradini profondi 150 mm bloccati con esclusivo sistema a 10 punti di fissaggio senza saldature.

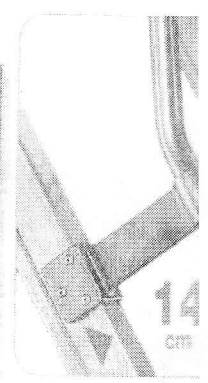

Retro verticale garantisce minima distanza ai punti di lavoro

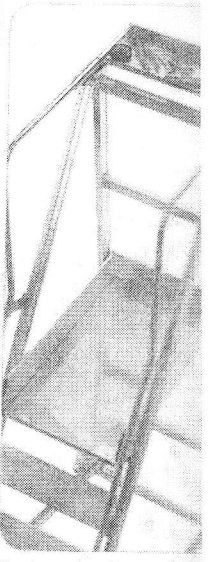

Retro apribile cancelletto d' (solo riferimen D.Lgs. 81/200
